### ANYONE NEED A PENCIL?

Rachel d'Entremont

When number-one son Brian finally boarded his flight back to Switzerland on January 6, he had my '28 Roadster behaving quite well. The engine was back in it, the "toes" were aimed correctly, the brakes adjusted properly, the oil changed, the steering greatly improved. Life was good.

One month later, the car was returned to my garage on the back of a flatbed tow truck.

On February 7 the Aiken Model A's had a workday in Trenton SC where we finished up a project started in January. The goal was to get a Model A pickup out of the barn in which it had sat for over three years and to drive it under its own power to the front of the house so the owner, hampered by limited mobility, could see it running. With a temporary small gas tank rigged to bypass the trucks rusted gas tank, the task was achieved much sooner than expected and folks took turns driving around a field, uninhibited by brakes!

A few of us stuck around for a tour of the 1842 plantation house while the majority of the club left for home.

After the tour I headed back to Aiken followed by Eric; everyone else had either gone earlier or headed in other directions. I was climbing a pretty good hill when I noticed that the temperature gauge was reading higher than normal. I recalled that the temperature was a little high on the way to Trenton which surprised me since it was a cold morning but I was distracted by something in my eye causing it to water excessively and forgot to mention the temperature to anyone.

I was thinking that I should pull off the road as soon as there was a safe place and as I reached the top of the hill, I saw a road to the right. As I signaled my turn, the temperature gauge shot up to

the top and the engine died just as I made the turn. I coasted to a stop with Eric right behind.

Eric checked the oil filler tube and noticed that there was the tell-tale milky look that indicated a blown head gasket. The dipstick registered absolutely no oil. (For those of you thinking I was delinquent in checking the oil, I had probably driven less than 10 miles since the oil was changed.) He added a couple of quarts and while he was on the phone telling Dotti he'd be late, I watched the newly added oil pour out onto the street!

I called AAA and was asked the usual "what is the make and model of your car?" The response to my answer was "Cool". I told her it was a lot more cool when I wasn't stranded on the side of the road. When she asked the color, I was tempted to get snarky and say it was the only Model A broken down at that intersection but, since I needed her help, I answered nicely. The tow truck driver also thought it was neat getting to haul a Model A. Glad someone enjoyed the experience.

To those of you who tell me how much you enjoy reading about my amusing car troubles, I need to find a less expensive way to entertain you.

If you see a little old lady in Model A-era clothing selling pencils on the street, please be kind and buy a few from me.

### BENEATH THE WHEEL

(With apologies to Herman Hess)

Well this has been a busy month for Dotti and me. Unfortunately, it hasn't been Model A related. Dotti's father has been ill and we've been spending time in Iowa with her parents helping out. Between taking care of family and work travel I've spent six and a half weeks of REAL winter as of this writing. I guess that's karma for having bragged to my northern friends about living in the South for 26 years. But this means I'm DEFINITELY ready for touring season!

We've got Boshears, the picnic at River Bridge with the Low Country A's, and Social Security Run coming up. So some great opportunities to get the cars out on the road. Unfortunately, Darlington has been cancelled. The Low Country A's were unable to obtain insurance for the event. I am sorry they had to make that decision, but I understand. It's a sad statement about the times we live in.

On another note I have mailed out ballots on the meeting schedule. As you will see on the ballot there are three option. The first will be maintaining the current schedule (October through March meeting on the second Saturday of the month at 10:00 am and April through September meeting on the second Monday of the month at 7:00 pm). The second option is meeting on the second Monday of the month at 7:00 pm year round and the third option is meeting the second Saturday of the month at 10:00 am year round. I have appointed Kathy Poole, Tom Roberts and Don Turley as a committee to count the ballots at the March meeting. Whichever option receives the most votes will be the option we go with. In the event of a tie a coin will be flipped as the tie breaker.

At this point I plan to be at the March meeting, but only time will tell. I hope to see all of you then and breakfast at the Sunrise Grill on Washington Rd, next to Kmart at 8:00 am for whoever wants to join in.

## MEETING MINUTES

February 14, 2015

Vice President Greg Jones called the meeting to order at 10:05am by wishing everyone a Happy Valentines Day and thanking the George Gordon Family for making the day so special with themed decorations and refreshments. President Eric Shogren and wife Dotti were absent due to illness in Dotti's family.

Shelia McPherson was recognized for her dedication to making our meetings special and was named The Shade Tree A's "Sergeant at Arms".

There were thirty-three members present and two visitors. There were no new members in attendance. Due to computer difficulties an off-the-cuff treasurer's report was given by Richard Dunevent. The January 2015 minutes were approved as published in the Newsletter. James McPherson had no new information regarding MARC or MFCA and reminded us that publication delays were to be expected.

Greg asked us to take an active interest in our Newsletter by providing pictures, project write ups, details and dates related to events that may be of interest to our club and stories related to our cars and Model A driving experiences. Rachel d'Entremont, our editor, said to keep the information coming. Information to appear in the next month's Newsletter should be sent to Rachel about a week before the end of the current month.

Greg expressed his condolences and those of the Shade Tree A membership to the Gordon family due to the death of the Gordon family's grandson/nephew, Chris Gordon.

In the Show and Tell segment, Robbie Jones, brought a true puzzler, an unidentified automotive gizmo which remains unidentified after being passed about and tinkered with. Rachel related that her car has suffered a blown head gasket. An original bill of sale has been found for a 1926 touring car unfortunately the car was not with the bill of sale. Greg's first car was a 1929 Town Sedan which was discovered in a chicken coop. Price paid for this automobile, \$100.00.

Under Old Business, the 2015 meeting schedule was further discussed. Ballots are to be mailed

out. The schedule to be adopted will be announced at the March meeting. Greg reminded us that while meetings are important, the club's main purpose is to get out and do stuff with our cars.

Under New Business, Gerald Melchior discussed the Boshears Skyfest and Fly-In Car Show scheduled for Saturday, May 16th. He gave us some insight concerning the event and provided color printouts and registration forms. Doug Wilson provided details concerning the Augusta St. Patrick's Day Parade, March 17th. He and four/five other club members have registered to drive in the parade. Dan Perla, Webmaster, requested information concerning club members' activities and restorations in order to keep the website interesting and relevant. Concerning refreshments, there are some dates available. Please sign up.

Greg presented a technical program on steering titled "What is a Caster?". He discussed the benefits of a proper front-end alignment and provided a technical handout. THE RESTORER magazine was noted as a good source for information related to this topic. A complete set of this magazine and other restorative source material is part of the library at Richard's garage.

The meeting was adjourned and refreshments were eaten with the "gusto of a hound dog".

Kathy Poole  
Secretary

## RIVERS BRIDGE STATE PARK

*May 23*

The Lowcountry A's have invited the STA's, the Aiken Model A's, and Palmetto A's for a day trip to Rivers Bridge State Park in Ehrhardt, SC on Saturday, May 23. It is approximately equidistant from Columbia, Augusta, and Charleston. They really would love to have a good crowd join in from these clubs. Plans now are for the Lowcountry A's to reserve the big shelter and for everybody to bring their own picnics. More details will follow.

### REFRESHMENT SIGN-UP SHEET

There are still openings on the sign-up sheet for refreshments. Contact Eric to be put on the list.

### NUTS & BOLTS

- ♦ Hanging closet organizers with clear pockets are great places to store hard-to-hang tools.
- ♦ After draining gas from the car, put coffee filters in a funnel when you return it to the gas tank to remove any rust or debris.
- ♦ Keep crystal kitty litter (dried silica gel) in a cloth bag in your tool box to absorb moisture before it ruins tools.

### NEWS FROM UNDER THE SHADE TREE

- ♦ Chris Gordon, grandson of George and nephew of William, Donald, Mike, and Misty, died January 30 in Greenwood.
- ♦ George Gordon will be having heart surgery sometime in March and his family requests our prayers for a successful procedure and speedy recovery.
- ♦ Long-time member Jim Leach died Feb. 22 after suffering severe injuries in a truck accident the previous week.

## STILL AROUND AFTER ALL THOSE YEARS...

### 1928

#### DESK SET

America got a new look in telephones in 1927 when the combined receiver and transmitter idea, used since 1878 by telephone linesmen, was sufficiently improved to be adapted for general service. It was popularly known as the "French phone" because it resembled continental instruments.

### 1930

#### DESK SET

This telephone like the 1928 set came with or without dial and resembled its predecessor except that instead of a round base it had an elliptical or oval base. Within a few years after its introduction it was being offered in a variety of finishes including ivory, gray, statuary bronze, oxidized silver and in gold.

## DEAR MISS CRANK

Miss Crank has very little expertise on a great many subjects. She is here to answer Model A questions relating to manners, relationships, home, pets, and more.

### Dear Miss Crank:

While touring in our Ford Model A with another club, we noticed that one member of their club rode in the left lane the whole time we were on a four-lane road. Traffic was backed up behind us for quite a ways because we were only driving about 45 mph on a 55-mph road. Should we have said something?

Embarrassed

*Dear Embarrassed:*

*Not knowing the other driver, I can't say whether saying something to him would do any good or not. And since I am not yet in syndication, it's doubtful he will see himself in my column. Slower traffic, and especially traffic traveling well below the speed limit, should stay to the right; it's the polite thing to do and in many places, it's the law. On a two-lane road, it would be kind to pull over occasionally to let others pass. As Model A owners we should be drawing attention to our cars in a positive way and not make other motorists resentful of having to share the road with us.*

Send your Model A-related questions to: Miss Crank at [newsletter@shadetreeas.org](mailto:newsletter@shadetreeas.org).

### VOTE ON MEETING SCHEDULE

By now you should have received a ballot for the decision on whether to continue the current meeting schedule of Saturday mornings during the cooler months and Monday evenings during the warmer months, switch back to Monday evening year round, or switch to Saturday mornings year round.

The ballots can be brought to the March 14 meeting but since they are self addressed and stamped, there's no reason to delay and possibly forget to bring it. So put it in the mail today if you have not already done so.

### WEDNESDAY LUNCH

A group of STA members meet at Ci Ci's Pizza, 4020 Washington Rd. for lunch each Wednesday. The restaurant is actually between Washington Rd and Columbia Rd, in front of the Gerald Jones Autoplex. Join 10-12 of your fellow STA'ers at 11:30 for lunch.

Memorials may be made to Bethel Baptist Church Building Fund, 500 Holt St., Thomson, Georgia 30824.

## MOVIE OPPORTUNITY

We've been asked to supply cars for a filming event involving cars from the 1930's. This is not limited to only Model A's.

The exact dates are yet to be established as the cars which we are to offer also determine the dates those cars are to play but the range of dates are March 12th through April 2nd and the two locations in Georgia are Newnan and Bostwick. Please send pictures of your 1930-1939 vehicles to John Wiese at [jww777706@yahoo.com](mailto:jww777706@yahoo.com) ; his phone number is 678-786-0235.

He's looking for:

- ◆ 1930's Fancy Car
- ◆ 1930's Car w/ Shovel Nose Plow
- ◆ 1930's Truck w/ Shovel Nose
- ◆ 1930's Police Car
- ◆ 1930's Stakebed Truck
- ◆ 1930's Military Truck
- ◆ 1930's Armored Truck w/ Machine Gun
- ◆ 1930's Regular Cars
- ◆ 1930's Jalopy

## DARLINGTON TOUR CANCELLED

The Administration of the Low Country Model A Ford Club had come to a very difficult decision. After many calls, emails, meetings, phone calls and faxes to insurance companies, it has become necessary to cancel our much anticipated Darlington Raceway weekend. The trouble is our ability to obtain insurance to drive our Model A's on the raceway. Our insurance provides coverage for our routine day trips, picnics, car shows and meetings. They will not cover our club on the raceway. An additional rider was offered from an underwriter at the cost of \$2500 for the one-day event. This is not a practical expense for The LowCountry Model A's. We have explained that we were only to drive laps around the track controlled by a track pace car, we sent pictures of Darlington Raceway, and explained that the cars would be limited to 45 mph. This was without success. One of their restrictions was that no one under 18 would drive or ride in the car. We are exploring different avenues for insurance coverage for future club events.

Chairman, Darlington Event

## FASHION IDEAS

Rachel d'Entremont

As the owner of an open car, I'm always on the lookout for hats that would be appropriate for the Model A era, especially in the winter. Some of the women's styles of the day were pretty wild and I would not be comfortable wearing them but there are many that are similar to winter hats currently available in department stores and on line. Perhaps some of these styles from vintage catalogs could serve as inspiration when you're shopping the winter clearance sales.

**FOR SALE**

1931 Model A Tudor with the Blue Wheels. Excellent mechanical shape, runs and drives well. No rust. Last painted 1952, original upholstery. 4 new tires, not installed, are included. Leather trunk and rack included. LED turn signals included.

Alternator installed but have the original generator.

Manifold heater. Driven to Cape Hatteras last year. Previous owner Chris Brown in Jacksonville Florida. Seller wants \$15,000. Sharon Stewart: call or text 912-687-0746.

**FOR SALE**

I would like to sale my 1930 Tudor. I paid Coach Vanover \$12K for it last January and spent 12 months of labor and \$12K restoring it to its present condition. I'd like to sell it for about \$15K (or best offer). Attached are recent photos of the vehicle.
